

Fully Funded Course

WHAT IS FULLY FUNDED?

Fully Funded is the only program that combines practical coaching, time-saving resources, and personal help. It's a total generosity system for your church. It's a proven financial plan that will result in confidence and clarity. It's a brand new approach that results in a fully funded ministry.

WHAT YOU GET

- 16 modules of practical coaching to help you lead a fully funded ministry.
- 44+ Documents, Spreadsheets and Templates to help you organize and streamline your entire financial ministry.
- A proven financial plan that will help you raise the money you need to do the ministry you're called to do.
- A ministry partner who will help you develop your plan (that's us!) and membership in a community of pastors and leaders who understand what you do.
- A money message series, complete with transcripts, graphics, video and print collateral.
- Access to a coach who has helped hundreds of pastors just like you raise money and navigate church financial issues.

EXPECTED RESULTS

- An increase in overall, regular giving. Fully Funded is not a capital campaign. It's a generosity system to help you increase regular giving. Go through this program and you can expect a significant increase to the overall church budget.
- Happy givers. Many churches are full of reluctant givers, but this program will show you how to lead a church full of happy givers. And happy givers lead to a fully funded church.
- Increased engagement from your staff, leaders and congregation. When your team gets on the same page and embraces their individual roles in the funding process, your church will experience greater generosity.
- Healthy systems and processes for all the key components of a generosity system. You won't wonder what to do anymore; you'll have everything you need in place.
- Financial confidence. Your leaders will have confidence in their ability to lead, your donors will trust their contributions are making a significant difference, and your church will have confidence in the overall ministry to the community.

2X GUARANTEE- If you go through the Fully Funded program and don't experience an increase in regular giving by at least 2x the price you pay in the giving year in the next budget, we will refund twice the amount of your investment.
